CONSTRUCTION

RUBBER TRACKS

TRACKS FOR COMPACT TRACK LOADERS

CAMSO CTL HXD

THE BEST TRACK FOR DURABILITY AND PERFORMANCE

FEATURES

- Single-cure technology with next generation rubber compound
- Trackguard iron core with heavy-duty carcass

BENEFITS

- Promotes even tread wearing for long, predictable tread life
- Improves rolling path life for reduced failures and enhanced durability

CAMSO CTL SD

ALL-SEASON TRACTION AND DURABILITY

FEATURES

- Single-cure technology with advanced rubber compound
- Trackguard iron core

BENEFITS

- Promotes even tread wearing for long, predictable tread life
- Improves rolling path life for reduced failures and enhanced durability

TRACKS FOR MINI-EXCAVATORS

CAMSO MEX HXD

EXTREME RESISTANCE TO SEVERE CONDITIONS

FEATURES

- Patented 3S internal iron core
- High-tensile, rubber sealed steel cables protected by heavy-duty carcass and tread

BENEFITS

- Avoids unexpected downtime on job site and the beginning of the degradation process
- Resists carcass punctures and cable corrosion to extend service life

CAMSO MEX SD

PREDICTABLE SERVICE LIFE AND PERFORMANCE

FEATURES

- Patented 3S internal iron core
- High-tensile, rubber sealed steel cables

BENEFITS

- Avoids unexpected downtime on job site and the beginning of the degradation process
- Resists carcass punctures and cable corrosion to extend service life

OVER-THE-TIRE TRACKS FOR SKID STEER LOADERS

CAMSO OTT HXD

QUICK MOUNT ATTACHMENT FOR TRACKED PERFORMANCE

FEATURES

- Full rubber track
- Embedded iron core with engineered wing design

BENEFITS

- Allows operation on asphalt, concrete and turf surfaces without damage or marking
- Avoids detacking like a non-reinforced all rubber OTT

Camso's product range also covers:

- Multi-Terrain Loaders
- Pavers
- Track Carriers (Dumper)
- Drilling machines
- Other applications
